

**ULISSE BIOMED S.P.A.**

**NOTIFICATI A CONSOB I KID – “KEY INFORMATION DOCUMENT” RELATIVI AI  
“WARRANT ULLISSE BIOMED S.P.A. 2021-2026” E AGLI “SHORT-RUN WARRANT  
ULLISSE BIOMED S.P.A. 2021”**

Trieste, 4 agosto 2021

Ulisse Biomed S.p.A. (“**UBM**” o la “**Società**”), *healthcare biotech company* italiana attiva nei settori della diagnostica, teranostica e nel campo terapeutico, comunica di aver notificato in data odierna a Consob i KID (Key Information Document) relativi ai “*WARRANT ULLISSE BIOMED S.P.A. 2021-2026*” e agli “*SHORT-RUN WARRANT ULLISSE BIOMED S.P.A. 2021*” come previsto dall’art. 4 decies del TUF con riferimento ai PRIIPs (Packaged Retail and Insurance-based Investment Products), di cui al Regolamento UE n.1286/2014.

Il KID, documento informativo sintetico e standardizzato predisposto in base al Regolamento Europeo in materia di PRIIPs relativo ai prodotti d’investimento al dettaglio e assicurativi pre- assemblati, raffigura all’investitore le caratteristiche del prodotto d’investimento in modo semplice e comprensibile, rendendo comparabili i diversi prodotti finanziari ed aumentando il grado di trasparenza delle informazioni.

I KID sui “*WARRANT ULLISSE BIOMED S.P.A. 2021-2026*” e sugli “*SHORT-RUN WARRANT ULLISSE BIOMED S.P.A. 2021*” sono a disposizione del pubblico presso la sede legale della Società e nella sezione Investor Relations del sito internet <http://ulissebiomed.com>.

**Ulisse Biomed è una *healthcare biotech company* operante nei settori della diagnostica, della teranostica e della terapeutica con l'obiettivo di sviluppare soluzioni innovative in detti campi. L'azienda dispone di tre piattaforme tecnologiche proprietarie in grado di generare prodotti innovativi e competitivi: Sagitta (diagnostica molecolare), NanoHybrid (teranostica e diagnostica) e Aptavir (terapeutica). UBM è titolare di un portafoglio di *intellectual properties* costituito da 8 domande di brevetto internazionali (3 relative a Sagitta, 2 relative a NanoHybrid, 1 relativa a Aptavir e 2 trasversali alle tre piattaforme), due dei quali concessi in Italia ed in Europa, che coprono le tre piattaforme tecnologiche.**

**ULISSE BIOMED S.P.A.**

**THE KID – “KEY INFORMATION DOCUMENTS” RELATING TO THE “WARRANT  
ULISSE BIOMED S.P.A. 2021-2026” and to the “SHORT-RUN WARRANT ULISSE  
BIOMED S.P.A. 2021” HAVE BEEN COMMUNICATED TO CONSOB**

Trieste, August 4<sup>th</sup>, 2021

Ulisse Biomed S.p.A. (“**UBM**” or the “**Company**”), Italian healthcare biotech company active in diagnostics, theranostics and therapeutics with the mission to provide innovative solutions in these fields, announces having communicated today the KID (Key Information Documents) relating to the “*WARRANT ULISSE BIOMED S.P.A. 2021-2026*” and to the “*SHORT-RUN WARRANT ULISSE BIOMED S.P.A. 2021*” to Consob, as required by art. 4 decies of the TUF (Consolidated Law on Finance) with reference to the PRIIPs (Packaged Retail and Insurance-based Investment Products), referred to in EU Regulation no. 1286/2014.

The KID, a synthetic and standardized information document prepared on the basis of European Regulation on PRIIPs relating to pre-assembled retail and insurance investment products, represents the characteristics of the investment product to the investor in a simple and understandable way, making comparable the different financial products and increasing the information transparency level.

The KID relating to “Warrant Osai A.S. S.p.A. 2020-2025” and “Short-run Warrant Osai A.S. S.p.A. 2020” are available at the Company’s registered office and on the Investor Relations section of the Company’s website: <http://www.ulissebiomed.com>.
